

WASTEWATER
CERTIFICATION TRAINING COURSE

NeRWA Office
3390 Ponderosa
Wahoo, Nebraska

THE TRAINING:

The "Wastewater Certification Training Course" will give participants the opportunity to take a comprehensive course to prepare for the Wastewater certification test given by NDEQ.

The course will be of interest to new hire utility operators or an existing utility operator wanting to achieve a higher certification.

NOTE for those wanting lagoon certification: The instructors suggest that taking the 4 day certification course will better prepare you for the wastewater lagoon certification test. Questions that will be on the test are covered in more depth during the 4 day course than can be done in a 1 day lagoon class.

FEES AND REGISTRATION:

The fee for the **4 day course:** \$200.00 for registration for members and non-members, \$98.00 for two required manuals and \$11.00 for shipping & handling of the manuals payable to the Nebraska Rural Water Association.

The fee for the **1 day lagoon course:** \$50.00 for registration for members and non-members, \$98.00 for two required manuals and \$11.00 for shipping & handling of the manuals payable to the Nebraska Rural Water Association.

The **required** manuals will be shipped to you ahead of class so you can begin previewing and studying the material. If you already have the manuals, you can use them for the course.

PRE-REGISTRATION and PRE-PAYMENT is REQUIRED. For the class to be held there needs to be 5 people registered with 3 representing different utilities.

A reminder will be sent out before the class. If for some reason you cannot attend, please notify NeRWA as soon as possible. If you have any questions, you may call our office at 402-443-5216 or 800-842-8039.

CLASS SCHEDULE: Registration: 7:30 a.m. - 8:00 a.m.
Class: 8:00 a.m. - 5:00 p.m.

The Wastewater Certification Test is administered by NDEQ and paid for separately from this training course. You need to contact NDEQ at 402-471-2186 ahead of time to register to take the test.

If you plan to attend this wastewater certification course, complete the attached registration form and return with payment to:
